

Adjusted:

- Odd angle, isometric photo but the square box is crooked (sides not parallel)
- Burn and dodge to balance out areas with too high contrast
- Colour adjustment (contrast, saturation, etc)
- Filled out disconnected wood texture
- Darken/filled out unnecessary background elements to eliminate distractions.

Adjusted:

- Cropped excess and fill texture to make table surface cover the bottom portion of picture
- Overall colour adjustment
- Burn and dodge to enhance the texture of basket, and balance out contrast for better focus on main features of the gift basket
- Background stain cleanup and brightening.

Adjusted:

- Overall brightness and contrast
- Selective burn and dodge to balance out shadowed areas on main focus of pic, make food items more apparent and delicious looking.
